## INTRODUCTION

In compliance with the provisions outlined in House Bill 588 from the 2023 Legislative Session, this quarterly report serves as a comprehensive overview of the performance and impact of key initiatives, notably the Mississippi Workforce Enhancement Training Fund (WET) and the Mississippi Works Fund. These reports provide an interim assessment of the contributions made to the local and state economy, emphasizing value addition, fostering future economic growth, and advancing state objectives such as increasing the labor force participation rate. Furthermore, the report delves into the specifics of individual workforce training projects, offering insights into beneficiaries and associated progress and outcomes. Additionally, detailed information and timelines on the grants that will be awarded under the Mississippi K-12 Workforce Development Grant Program (known as EquipMS) are included, shedding light on the initiatives undertaken to modernize, replace, or enhance priority sector high school programs. Also included in this report is comprehensive data about the Career Coach Program funded through HB 1388 and data that outlines the Nurse Navigator Program at the community colleges. Additionally, ARPA-funded programs are included in this report, such as Special Populations with Wrap-around Services, Nurse Navigators program, Physician Residency and Fellowships, Nursing Allied Health programs, Health Science Infrastructure programs, Direct Training programs, and We Build it Better. Through this quarterly report, we strive to provide a transparent and detailed account of the multifaceted efforts and achievements in pursuit of our workforce development goals as mandated by House Bill 588.

### I. STATE-FUNDED PROGRAMS

WET funds, managed by AccelerateMS in coordination with the Mississippi Community College Board, prioritize benefiting existing businesses in Mississippi by offering training for employees and potential employees as identified by companies. These funds aim to enhance employee productivity in core and horizon industry sectors through college-led, industry-led, or special project programs. Community colleges receive WET funds through several mechanisms including: allocated funds for open-to-the-public training programs, allocated funds for incumbent worker training through workforce regular projects, and awarded funds through basic skills projects, estimated annually through FAST plans. Basic Skills projects, also referred to as Adult Education, aim to offer fundamental instruction in various areas such as reading, math, writing, language (including English as a Second Language), HSE preparation, Smart Start Pathway Course, ACT WorkKeys® Curriculum, and Assessments leading to a National Career Readiness Certificate (NCRC). The Mississippi Office of Workforce Development, in collaboration with the Mississippi Community College Board, approves training requests. Measurable increases in employee outputs or market value of skillsets are essential for evaluating productivity and are reported and analyzed on an annual basis looking back 5 years, beginning in 2022. WET funds support core sectors like Advanced Manufacturing, Agribusiness, Construction, Distribution, and Logistics, Forestry, Energy, Chemicals, Health Care, and Information Technology. Additionally, Horizon sectors such as Blue Economy, Renewable Energy, and National Corporate Headquarters are eligible for support. The emphasis is on strategic partnerships, measurable outcomes, and sustainability in advancing workforce training and productivity.

A notable change in 2024 allows K-12 participants to join WET-funded programs, allowing another population to be reached to continue to expand the pipeline of trained workers much needed by Mississippi companies. To ensure sustainability, WET funds should be combined with private industry funds, participant fees, WIOA, and other relevant sources. Funding priority is given to projects with employer partners contributing matching funds, equipment, or in-kind donations. Each college, after completing the FAST plan, submits it to AccelerateMS for review. Allocation amounts are determined based on request eligibility, priority, and available funding.

The tables in the report are organized by community college, presenting detailed information for each allocation. Each entry includes the program or course, the associated business, the training location, the estimated number of participants, the allocated funds, the reimbursed funds, the balance of allocation, percentage of allocation used, and number of participants trained to date as of 6/30/2025.

Additionally, funds are awarded through 'special projects' which serve needs identified by companies that are new, expanding, or different from existing program needs. Special projects (advanced technology) are another mechanism designated for triage and horizon projects to bolster the pipeline of qualified workers in each ecosystem. The overarching goal is to advance workforce training and upskilling in the state to meet demands identified by existing industry partners. Special projects within the context of workforce development involve training initiatives that go beyond existing WET guidelines. Priority is given to non-credit, short-term training

programs that address specific needs identified by industry partners or AccelerateMS. To be eligible, projects must be data-driven, serve to enhance or increase training opportunities, and be anchored by industry needs. The approval process for special projects occurs quarterly through a committee within AccelerateMS, comprising AccelerateMS and MCCB staff. The focus is on prioritizing opportunities that offer above-median-wage prospects for the ecosystem, as identified by AccelerateMS. This ensures a strategic and responsive approach to workforce development in alignment with current industry needs.

AccelerateMS is currently supporting special projects in all 15 community colleges. The report contains tables delineated by the community college, detailing essential information entered by the community college for each special project. Each table specifies the special project’s name, partnering companies, total allocated funds, the reimbursed funds, balance of allocation, percentage of allocation used, and number of participants trained to date as of 6/30/2025. Special project awards may occur at different points during the year and possibly roll over, so they may be at different points of delivery and training, thus explaining why some institutions have spent money and others have not.

## CAREER COACH PROGRAM

**Table 31** provides a breakdown of Mississippi's Career Coach Program Annual Allocation of Funds. The sub-grant recipients, including CMPDD, Economic Development Authority of Jones County, SDPDD, SMPDD, TRPDD, and United Way of Jackson and George Counties, received varying amounts of total awards based on the identified need within the proposed service region. As of 6/30/2025, the total reimbursed funds are outlined for each recipient, along with the corresponding number of coaches supported by the allocated funds. In total, the allocation across all recipients amounts to \$14,842,103.72, supporting a total of 203 coaches in 202 schools.

## EQUIPMS GRANT

**Table 32** shows the results of the 4th quarter of the EquipMS Grant Program. Established in 2023 through House Bill 588, this program aims to provide essential funding to public Mississippi secondary school districts, enhancing priority sector high school programs aligned with key industries such as Advanced Manufacturing and Logistics & Construction. During quarter 4, the EquipMS Grant successfully allocated a total of \$632,551.36 across 10 high school programs, strategically addressing critical needs in different sectors and geographical locations throughout the state. These funding allocations reflect our commitment to enhancing K-12 workforce development and meeting local industry demand.

## MS WORKS FUNDS

**Table 33** presents a comprehensive overview of MS Works funds for the fiscal year 2025, indicating a fund balance of \$16,051,210.84, with \$16,377,277.54 encumbered. The program, active since 2016, has collected \$53,097,899.81 and disbursed \$19,522,320.72 to date, reflecting its commitment to supporting workforce development initiatives and contributing to Mississippi's economic growth.

In the 4th quarter of FY 2025, Table 34 shows how the MS Works program allocated funds to support workforce development initiatives across various industries in Mississippi.

## II. ARPA FUNDED PROGRAMS

### SPECIFIC POPULATIONS WITH WRAP-AROUND SERVICES

**Table 35** outlines the allocation of funds among various subrecipients for specific populations with wrap-around services. The total amount awarded sums up to \$10,219,045.00, with \$7,439,588.42 already approved for payment.

### NURSE NAVIGATOR

The purpose of this program is to hire professionals, or navigators, to provide individual assistance and guidance to students to assist them in many areas, from maneuvering challenges while enrolled in college programs and understanding the job market to working through course challenges, and helping retain and graduate nursing and allied health students, at community and junior colleges. **Table 36** shows the results of the 4th quarter of 2025 for the Mississippi Nurse Navigator Program. A total of \$2,012,950.39 was allocated across 10 community colleges to support the Nurse Navigator role. The Navigators play a crucial role in assisting students in their nursing journey through college, offering intentional interventions, coaching, and support to enhance student achievement.

As of 06/30/2025, \$1,755,449.13 has been reimbursed. The program aims to increase student persistence, success, and completion, with a focus on preparing students for the NCLEX-RN and NCLEX-PN Next-Gen exams to become licensed healthcare practitioners. The overall goal is to optimize the impact of allocated funds and ensure effective student support across Mississippi's community colleges in high-need occupations.

## **PHYSICIAN RESIDENCY & FELLOWSHIP START-UP**

The Physician Residency & Fellowship Start-Up program has allocated funds to various subrecipients to facilitate medical training initiatives (see Table 37). Among these recipients are North Mississippi Medical Center, Mississippi Baptist Medical Center, Memorial Hospital at Gulfport, Delta Health System, and Baptist Memorial Hospital - DeSoto. Overall, the program has disbursed \$1,522,575.20 in approved payments, out of the total allocation of \$3,000,000.00, indicating progress in establishing physician training opportunities.

## **NURSING/ALLIED HEALTH PROGRAM**

The Nursing/Allied Health program has allocated funds to numerous sub-recipients, including the University of Mississippi Medical Center, Singing River Health System, Pearl River Community College, Pafford Emergency Medical Services, Inc., Northwest Mississippi Community College, Mississippi University for Women, Mississippi State University, Mississippi Gulf Coast Community College, Mississippi Delta Community College, Meridian Community College, Jones County Junior College, Itawamba Community College, East Mississippi Community College, East Central Community College, Coahoma Community College, Blue Mountain Christian University, and Baptist Health Sciences University (see Table 38). The total allocation of \$19,872,362.30 has seen \$7,298,825.72 approved for payment, with an outstanding balance of \$12,573,536.58.

## **HEALTH SCIENCE INFRASTRUCTURE PROGRAM**

Table 39 highlights the Health Science Infrastructure Program, which awarded \$20,000,000.00 to William Carey University to enhance its healthcare facilities and infrastructure. Of this amount, \$16,196,926.68 has been reimbursed. This investment underscores a commitment to bolstering the university's capacity to provide top-tier healthcare education and services, highlighting ongoing efforts to strengthen health science infrastructure within the state.

## **DIRECT TRAINING PROGRAM**

The Direct Training program (see Table 40) has allocated funds to several subrecipients, all of which are institutions of higher learning or community colleges across Mississippi. These include the University of Southern Mississippi, Pearl River Community College, Northwest Mississippi Community College, Mississippi State University, Mississippi Gulf Coast Community College, Mississippi Delta Community College, Meridian Community College, Itawamba Community College, Holmes Community College, Hinds Community College, East Mississippi Community College, and East Central Community College. These institutions offer a diverse range of training programs, from uncrewed systems and logistics to healthcare and nursing. With a total allocation of \$21,027,687.91, a substantial portion, \$18,683,913.31, has been approved for payment, leaving an outstanding balance of \$2,343,774.60.

## CAREER COACHING INITIATIVE

**Table 41** highlights the money used to support the Career Coaching initiative. It was funded by the American Rescue Plan Act (ARPA), which included the following subrecipients: Three Rivers PDD, Southern MS PDD, South Delta PDD, Economic Development Authority of Jones County, and Central MS PDD. In total, \$7,998,502.00 was allocated, with a minimal outstanding balance of \$352,982.83, demonstrating substantial progress in utilizing ARPA funds to support career development initiatives statewide.

## WE BUILD IT BETTER PROGRAM

**Table 42** highlights an innovative program supported by AWS to introduce Career Technical Education to elementary and middle schools. Two sub-recipients, Canton and Jackson Public Schools, were allocated \$198,995.00, and \$129,897.00 has been reimbursed.

FY2025 Grants		Grant Amount	Estimated Jobs Created and/or Individuals Being Trained	County	Applicant	Quarter Awarded
TRPDD Industry Recognized Apprenticeship Program	The grant will be used to support the Mississippi Partnership Industry Recognized Apprenticeship Program which combines On-the-Job training with academic instruction for those entering the workforce. This program plans to serve 227 individuals throughout the MPWFA.	\$994,500	227	MPWFA	TRPDD	RRP
MSU CAVS Extension Multi-Company Training	This grant will be used to provide customized training and coaching to approximately 19 companies in Mississippi to upskill current employees, to increase retention rates, and to prepare potential and new employees with the advanced manufacturing skills required for current industry needs. Activities to be accomplished during this period include but are not limited to the following: 1. Training in existing course offerings at the CAVS-E facilities in Canton, Starkville, and on the MS Gulf Coast 2. On-site training workshops at company sites 3. Special training offerings to address advanced manufacturing needs (e.g. Industry 4.0) 4. Certificate programs for credentialing for certain courses	\$905,903	240+	Statewide	MSU	RRP
Greenville Kearns Aerospace Maintenance, Inc.	As GKAM expands, this grant will fund an instructor at MS Delta CC to provide training for modifications to aircraft for the US Air Force and other contractors, to include Avionics Electrical System Technicians, Airframe Sheet Metal Technicians, Aircraft Mechanics and other jobs as needed in the Aviation industry, along with a stipend for non-employees going through training and on-the-job training wages once employed.	\$974,461	72	Washington	SDPDD	JCP
CMPDD Step-Up 2	This grant, through CMPDD, will work in coordination with high school and college Career Coaches to recruit participants into high-paying, in-demand pathways including mechatronics, electro-mechanical, electrical, mechanical drafting, information technology, construction, lineman, logistics, diesel mechanics, and other high-skilled careers. Phase 1 consists of credentialing and non-credit training followed by summer internships. Phase 2 will provide further credentialing and training followed by industry-based apprenticeships. Participants may then begin full-time employment or continue their education (ex. 2 year degree or 4 year degree) prior to beginning full-time employment.	\$1,141,512	80	Claiborne, Hinds, Madison, Rankin, Scott, Warren	CMPDD	RRP
Robinson Electric	Robinson Electric is starting an electrical Registered Apprenticeship (RA) Program with Build Mississippi. This funding will support upskilling current employees into the RA program and adding new employees to the program, additional upskilling for Industrial Electricians and Motor Controls, On-the-Job Training (OJT) and upgrade OJT as well as customized training for two lines of generator service.	\$411,880	150	Bolivar	SDPDD	RRP
Pascagoula-Gautier School District Hired-Up	Pascagoula-Gautier College and Career Technical Institute has developed a program that will target the under-employed and unemployed individuals in the surrounding area, as well as those who have dropped out of high school to obtain their GED and those high school students who barely graduated high school and do not have a career plan. This grant will support 8-week training programs in Welding, Structural/Pipe Fitting, Sheetmetal Joiner, and Machinist, which are all in demand by the shipbuilding industry. PGSD is currently working with Ingalls Shipbuilding and Bollinger Marine in an in-depth partnership where they come at the beginning, middle and end of the program, and also have support from other industries in the surrounding community.	\$195,343	675	Jackson	SMPDD	RRP

FY2025 Grants		Grant Amount	Estimated Jobs Created and/or Individuals Being Trained	County	Applicant	Quarter Awarded
CMPDD Reconnect	In this program, SCMW proposes short-term training programs (Maximum of 8 weeks) targeted for Commercial Electricians, Construction Engineers, Construction Technicians, Electrical Engineers, Electrical Technicians, Engineering Technicians, Fiber Fusion Splicing, HVAC Technicians, Heavy Equipment Operators, Industrial Maintenance Technicians, and Plumbers/Pipefitters. This program is designed to equip individuals with the skills needed to either enter the labor force and achieve self-sufficiency or advance from underemployment to higher-paying positions. These funds will be used for the following activities: Outreach and Recruitment; Assessment and Matching; Training Programs and Internships.	\$4,407,350	982	SCMWFA	CMPDD	RRP
SMPDD MS Apprenticeship Accelerator	The MS Apprenticeship Accelerator aims to provide critical funding to support Registered Apprenticeship expansion necessary to reduce critical skill gaps in priority sectors and occupations while expanding training to increase capacity and opportunities for Mississippians. Funding will be used for participating businesses who are creating and/or expanding a Registered Apprenticeship in order to prepare individuals for high-demand occupations by providing on-the-job training and classroom instruction, by reimbursing an amount equal to 50% of an apprentice's hourly wage up to a maximum of \$3,000.	\$253,980	83	TDWFA	SMPDD	RRP

Yancey Engineered Solutions	Yancey Engineered Solutions is starting a new company in Mississippi, and they will be manufacturing steel generator covers, used primarily by Data Centers. The company commits to creating 195 jobs over 3 years. This funding will be used to provide training for new employees, customized welding and electrical training through Northwest MS Community College, customized training through CAVS-E, and to continue to upskill employees as they grow.	\$350,000	195	Panola	SDPDD	JCP
Hood Industries	Hood Industries has built a state of the art, laminated plywood panel manufacturing facility in Perry County, MS, after the original facility was destroyed by a tornado. The company has committed to creating 265 jobs over 3 years. Through this grant, employees will receive third-party training in troubleshooting, assembly, installation, and maintenance, ensuring they are prepared to meet the demands of a highly advanced and technology-driven mill.	\$510,000	265	Perry	SMPDD	JCP
MSU AiM Up	The Advancements in Manufacturing Upskilling Program (AiM UP) has quickly evolved from a limited scope robotics and automation training project into a large scale, statewide workforce development program aimed at building a skilled workforce in advanced manufacturing technologies. Multiple federal and state funding sources have supported the buildout and delivery of this program, and this grant will allow MSU to continue to operate and advance the AiM UP locations throughout the state.	\$680,000		Statewide	MSU	RRP
