

Development of Annual Priority Occupations

Methodology Overview

Updated Annually Each January

Each January, AccelerateMS conducts a comprehensive analysis to identify Mississippi's Annual Priority Occupations. This process is grounded in labor market evidence and designed to ensure alignment between employer demand, wage sustainability, workforce supply, and long-term economic growth objectives.

The analysis is based on a structured labor market gap assessment using Lightcast data and standardized selection criteria applied consistently across all industry ecosystems.

Data Source and Analytical Framework

Priority Occupations are identified using a gap analysis conducted through Lightcast, incorporating:

- Real-time job postings data
- Employment and occupational projections
- Wage data
- Workforce supply indicators

The gap analysis evaluates the difference between employer demand and available workforce supply, highlighting occupations where unmet need is most significant. This ensures that selected occupations represent not only high demand but meaningful workforce opportunity gaps requiring strategic investment.

Core Selection Criteria

1. High Demand

Occupations must demonstrate sustained hiring demand within their respective ecosystem.

- Up to the top 25 occupations are selected within each ecosystem based on demand and gap analysis results.
- Occupations with fewer than 10 current job openings are excluded.
- This ensures the list reflects active and measurable labor market demand.

2. High Wage

Occupations must provide earnings that support economic self-sufficiency.

- The minimum wage threshold is aligned with the Living Wage for an individual in Mississippi.
- As of January 2026, the living wage is \$20.75 per hour.

Source: MIT Living Wage Calculator (Mississippi)

This requirement reinforces the State's focus on advancing career pathways that provide sustainable income and upward mobility.

3. High Skill

Occupations must require education or training beyond a high school diploma.

- Includes postsecondary certificates, industry-recognized credentials, apprenticeships, associate degrees, or higher levels of education.

This criterion ensures emphasis on career pathways that build long-term workforce capacity and competitiveness.

Standardized Exclusions

To maintain methodological consistency and focus on workforce development-aligned roles, the following occupation categories are excluded:

- Managers and supervisors
- Government-related positions
- Retail occupations

State Priority Occupation Designation

After ecosystem-level lists are finalized, occupations are evaluated statewide.

An occupation is designated as a State Priority Occupation if it appears on at least four (4) of the eight (8) ecosystem lists. This cross-ecosystem threshold ensures that State Priority Occupations reflect broad-based economic importance rather than isolated sector demand.

Annual Review and Continuous Improvement

- The methodology is executed each January to ensure:
- Responsiveness to evolving labor market conditions
- Incorporation of the most current Lightcast data
- Alignment with Mississippi's economic development strategy
- Strategic targeting of workforce investments

Through this disciplined, data-driven approach, AccelerateMS ensures that Annual Priority Occupations reflect measurable employer demand, sustainable wages, and long-term workforce alignment across the State.

2026 State Priority Occupations

Adopted January 2026 | 4+ Ecosystem Threshold

The following occupations meet the 4+ ecosystem threshold for statewide designation. Occupations are separated between Targeted Priority Occupations (\$\$\$) and State Priority Occupations.

Targeted Priority Occupations (\$\$\$)

- Welders
- Commercial Electricians
- Utility Line Workers
- Industrial Machinery Mechanics
- Water & Wastewater Operators
- Emergency Medical Technicians (EMT)
- Carpenters
- Heating, Air Conditioning, and Refrigeration Mechanics and Installers (HVAC)
- Plumbers, Pipefitters, and Steamfitters
- Operating Engineers and Other Construction Equipment Operators
- Machinists
- Licensed Practical and Licensed Vocational Nurses (LPN)
- Commercial Truck Drivers

\$\$\$ - Targeted Priority Occupations and Emerging Priority Occupations are eligible and will be viewed as priority for WET funds through the office of AccelerateMS.
